

cast of falcons

It's not hard in Southwestern Ontario to find workplaces where Fanshawe alumni are in abundance! This issue we visited Brainworks, which was founded in 2003. The company offers rehabilitation services to individuals and families living with the effects of brain injury, chronic pain, behavioural or other disorders. Four main programs are available: rehabilitation therapy, psychology, vocational consulting, and social work. The goal is to help clients and their family members achieve the best quality of life possible and enhance their functioning in the community.

We caught up with this Cast of Falcons at their offices at 111 Waterloo Street in London. The group works with clients in London and throughout Southwestern and Southcentral Ontario. For more information, visit www.brainworksrehab.com

Above, from left to right in the back row are: **Chet Graham** (*Developmental Services Worker 99*); **Karen Kempert** (*Developmental Services Worker 06*); **Michelle (Furtado) Graham** (*Developmental Services Worker 98*); **Gwen Pelley** (*Developmental Service Worker 83 / Behavioural Science Certificate 81*); **Trish Mooney** (*Child and Youth Worker 00*); and **Russell Temple** (*Business Information Systems 95*). In the front row are: **Heather Jones** (*Social Service Worker 97*); **Gary Davies** (*Computer Software Applications 94*); and **Patti (Oudshoorn) Ravensberg** (*Certified Dental Assistant 78*). Since we took our photo earlier this summer, yet another Fanshawe Falcon has joined Brainworks, namely **Wendy Murphy** (*Secretarial Arts 85*).
